To: Adco and Laidlaw Chemical Distributors
From: Brent
Date: June 3, 2008
Subject: EcoSolv

Due to conditions in the US solvent market, we will be raising the prices that we charge for Chevron Phillips EcoSolv, beginning on June 13, 2008. The new prices will affect the following packages:

1 x 55 gallon drums (4 per skid)

1 x 5 gallon pails (36 per skid)

6 x 1 gallon cases (35 per skid)

Remember that all of your solvent needs can be ordered with your regular orders for chemicals and cartridges in order to meet your prepaid minimums.

Thanks for your continued support in the marketing of Adco and Laidlaw chemicals.

Sincerely,

Brent N. McWilliams
