Fax: (888) 311-0181

May 5, 2008

TO OUR VALUED CUSTOMER:

We are all aware that the resin producers have been trying to implement a 8.0% resin increase since the middle of November 2007. The continued escalation of feedstock cost such as record high oil prices have finally driven the resin prices up. The 8.0% was split into two increases and the first one is already firmly in place since April 1st, 2008. The second half has been in place since May 1st, 2008.

As a result of these changes, First Film Extruding will **increase** the price of all of our garment film and bag products by **4.0%** on all orders placed on or after **June 9, 2008** for the first portion of the increase.

As in the past, we must limit the pre-buying at normal monthly usage and all orders must be for immediate delivery.

We value your business and understanding in these difficult and trying times.

Very truly yours,

FIRST FILM EXTRUDING, LLC
