TO OUR VALUED CUSTOMER:

As previously mentioned in our price increase letter dated May 2008, there would be a second portion of the original resin increase to be implemented.

Therefore, please be aware that First Film Extruding will increase the price of all of our industrial film and bags and garment film products by **4.0%** on all orders placed on or after **June 24, 2008**.

This portion of the increase includes an adjustment for energy costs incurred in our manufacturing and transportation, over and above the resin increase. In light of the rapidly changing costs, we must limit the pre-buying at normal monthly usage. All orders must be for immediate delivery.

Your First Film representative is available to answer all of your questions. We thank you for your understanding and continued support.

Very truly yours,

FIRST FILM EXTRUDING, LLC
