July 2, 2008

**TO OUR VALUED CUSTOMER:**

Our resin producers have implemented a fourth successive resin increase on July 1<sup>st</sup>, 2008. As a result of this additional raw material increase and continued escalation of other energy costs, we must also readjust our prices.

First Film Extruding will increase the price of all of our plastic film and bags, as well as our garment film products by **9.0%** on all orders placed on or after **August 1<sup>st</sup>, 2008**. All orders must be for immediate delivery.

This increase is over and above the increase we have implemented on June 9, 2008, June 24, 2008 and July 14, 2008. Finally, our resin producers have already announced a fifth and major increase for next month. We do not know when all this craziness will end.

We thank you for your understanding of a situation that is **completely out of our control**.

Respectfully yours,

**FIRST FILM EXTRUDING, LLC**
