

MATERIAL SAFETY DATA SHEET

Manufactured by: **A. L. Wilson Chemical Company**

Product Name: **"G"Go™**

Revision Number 1.0 Dated: 04/26/11

1. Chemical Product and Company Identification

Product name: "G"Go™

Product Description: Stain Remover for use by Professional Dry Cleaners only.

Manufacturer:

A. L. Wilson Chemical Company

P.O. Box 207

Kearny, NJ 07032

U.S.A

Telephone No. 201-997-3300

Emergency No.

CHEMTREC: 800-424-9300 or 703-527-3887

2. Composition / Information on ingredients

Chemical and Common Name	CAS#	Wt%	OSHA PEL	ACGIH TLV
Methyl Soyate; Methyl Esters, Soybean Oil	67784-80-9		-	-
Proprietary Surfactant Mixture				
Dipropylene glycol n-butylether; DPNB	29911-28-2		-	-
Distillate (Petroleum) Hydrotreated Light; Petroleum Distillates	64742-47-8		-	-
Oleic Acid	112-80-1			

3. Hazard(s) identification

Emergency overview: Clear yellow liquid. Non-combustible. In case of fire; Carbon dioxide, carbon monoxide, and may yield oxides of sulfur.

Eye Contact: May cause eye irritation.

Skin Contact: May cause skin irritation.

Inhalation: May cause dizziness.

Ingestion: May cause irritation and abdominal discomfort.

Chronic hazards: No known chronic hazards. Not listed by NTP, IARC or OSHA as carcinogens.

Physical hazards: Spilled material could be slippery.

MATERIAL SAFETY DATA SHEET

Manufactured by: **A. L. Wilson Chemical Company**

Product Name: **"G"Go™**

Revision Number 1.0 Dated: 04/26/11

4. First Aid Measures

Eye contact:

If in eyes, immediately flush with running water for at least 15 minutes. Get emergency medical attention

Skin contact:

If on skin, flush immediately with water for at least 15 minutes. Wash contact area with soap and water. Remove contaminated clothing, wash before re-use. If irritation occurs, get medical attention.

Inhalation:

If inhaled, move affected person to fresh air. If drowsiness or dizziness persists; get emergency medical attention.

Ingestion:

If swallowed, do not induce vomiting (Never give anything by mouth to an unconscious person.). Get emergency medical attention.

5. Firefighting Measures

Fire Fighters should use NIOSH approved SCBA & full protective equipment when fighting chemical fire. Use water spray to cool nearby containers exposed to fire.

Suitable extinguishing media: Use water fog, foam, carbon dioxide (CO₂) to extinguish flames.

Unsuitable extinguishing media: ND

Specific hazards in case of fire: Carbon dioxide, carbon monoxide, and may yield oxides of sulfur.

6. Accidental Release Measures

Extinguish all ignition sources.

MATERIAL SAFETY DATA SHEET

Manufactured by: **A. L. Wilson Chemical Company**

Product Name: **"G"Go™**

Revision Number 1.0 Dated: 04/26/11

Personal precautions:

Cordon off spilled area. Wear protective clothing, chemical resistance gloves, rubber apron, rubber boots, hat, and chemical splash goggles. Remove any contaminated clothing and wash before re-use. Wash thoroughly after handling.

Do not flush into storm sewer or contaminate ground water.

Dispose in accordance with local regulations.

Methods and materials for containment and cleaning up:

Use a universal absorbent material to collect waste and dispose in accordance with local regulations.

7. Handling and storage

Handling: Keep away from sparks, heat and flame sources.

Storage: Keep container sealed when not in use. Store container in a cool and well ventilated place. Do not store in a substitute container.

8. Exposure controls / personal protection

Information on the system design:

Name	Concentration (C)	Air Concentration (8 Hour)
Distillate (Petroleum) Hydrotreated Light		Vapor, TWA = 1200 mg/m ³
Dipropylene glycol n-butylether		Aerosol, TWA = 10 mg/m ³

Engineering Controls:

Use in well-ventilated area with local exhaust. An eye wash station and safety shower should be within direct access.

Respiratory protection:

None needed when used with adequate ventilation.

Eye protection:

Safety glasses with side shields or chemical goggles must be worn.

MATERIAL SAFETY DATA SHEET

Manufactured by: **A. L. Wilson Chemical Company**

Product Name: **"G"Go™**

Revision Number 1.0 Dated: 04/26/11

Do not wear contact lenses.

Skin protection:

Wear chemical resistance gloves and chemical protective apron. Wash thoroughly after handling.

Do not smoke, eat or drink in work area.

9. Physical and chemical properties

Physical state: Liquid

Colour: clear slightly yellow

Odour: slight vegetable oil

pH-value: 6 - 7

Initial boiling point: NA

Flash point: >201°F

Relative density: 0.87 g/cm³ at 20°C

Solubility: Sparingly Soluble

10. Stability and reactivity

Chemical stability: Stable, if used according to specifications.

Conditions to avoid: Heat, sparks, open flames and other ignition sources.

Materials to avoid: Strong oxidizing and reducing agents, Alkali, Acids.

Hazardous decomposition products: In case of fire; Carbon dioxide, carbon monoxide, and may yield oxides of sulfur.

11. Toxicological information

Acute Toxicity:

Acute Toxicity:		
Test	Results	Basis
Oral LD ₅₀	Not available	
Dermal LD ₅₀	Not available	
Inhalation LD ₅₀	Not available	
Eye Irritation	Causes eye irritation	Based on Ingredients

MATERIAL SAFETY DATA SHEET

Manufactured by: **A. L. Wilson Chemical Company**

Product Name: **"G"Go™**

Revision Number 1.0 Dated: 04/26/11

Chronic Toxicity:

Test	Results
Dermal Sensitization	Not Available
Carcinogenicity	Not Listed IARC, NTP, OSHA

12. Ecological information

Aquatic Toxicity: It is expected to be toxic to fish. However it is expected to biodegrade.

13. Disposal considerations

Waste Disposal:

Dispose of in accordance with federal, state and local regulations.

14. Transport information

This material is non-hazardous for shipping purposes.

15. Regulatory information

All components are on TSCA (U.S.A), EINECS (EUROPE), AICS (Australia), ENCS (Japan), ECL (Korea), and DSL (Canada).

U.S. Regulations:

U.S. Superfund Amendments and Reauthorization Act (SARA) Title III:

SARA (311/312) HAZARD CATEGORIES: Fire

SARA 313: This product contains the following SARA 313 Toxic Release Chemicals.

Chemical Name	CAS Number	Concentration

The following product components are cited on the lists below:

Chemical Name	CAS Number	List Citations

16. Other information

Abbreviations and acronyms:

TSCA = Toxic Substance Control Act

DSL = Domestic Substance List (Canada)

AICS = Australian Inventory of Chemical Substances

EINECS = European Inventory of New and Existing Chemicals

ENCS = Inventory of Existing and New Chemicals Substances

ECL = Existing Chemicals List

NIOSH = National Institute for Occupational Safety and Health

SCBA = Self Contained Breathing Apparatus

ND = Not Determined

HMIS = Hazardous Materials Identification System

NFPA = National Fire Protection Association
