February 14, 2011

Dear Distributor:

### **Price Adjustment for Street's Process Supplies Effective March 1, 2011**

As you are no doubt aware, Street has maintained the pricing on our products since April of 2009. We have done this through a combination of cost control and absorption of certain raw material cost increases. However, costs for raw materials and transportation have risen steadily in the past six to nine months and continue to increase. As a result, we find that we must adjust our pricing accordingly.

Enclosed please find a revised *Confidential Distributor Net Price Schedule* and a revised *Suggested Consumer Price Schedule*.

Changes are effective for orders placed on or after Tuesday, March 1, 2011. All orders placed prior to this date for shipment on or before March 10, 2011 will be billed at current pricing.

Additionally, due to the declining demand for some of the larger packaging sizes in certain products, drum sizes have been eliminated for the following products:

Condosol – 55 Gallon Drum	Picrin – 53 Gallon Drum
Revive – 55 Gallon Drum	S.T.S. – 55 Gallon Drum
Vitalsize – 55 and 30 Gallon Drums	

We appreciate and thank you for our ongoing business relationship and welcome your call to discuss any questions you may have.

Sincerely,

R.R. Street & Co. Inc.
