RE: NOTICE OF PRICE CHANGE, EFFECTIVE JANUARY 1, 2012

As you are aware, our marketplace continues to experience significant increases in raw material costs. This has been true across grain based as well as fossil fuel derived ingredients and while we have utilized significant cost controls and leveraged our purchasing position to assure continuity of supply, we are unable to absorb all of these increases. We realize that you, our valued Customer, do not appreciate price revisions any more than we do, however, we must make the following price changes effective January 1, 2012.

We thank you for your business and look forward to continuing a long and prosperous relationship for many years to come.

Sincerely,

Tara Perry
