February 9, 2011

To our Valued Customers:

The continued upward movement in steel and other operation costs makes it necessary for us to increase prices on hangers. Effective February 14, 2011, Eagle Hangers will increase the price of all hangers. We have made every attempt to avoid the increase, but we refuse to compromise on quality. Orders placed for shipment, prior to February 14, 2011, will only be accepted based on our ability to supply. The Office Manager will send you an updated price list shortly. If you have any questions or concern, please call the office at 281-485-3023.

Thank you for your business and you consideration of Eagle Hangers as you supplier.

Sincerely,

Sonny Ha
President
