

August 30, 2010

DEAR CUSTOMER:

Our resin producers are implementing a resin increase on September 1st, 2010. Many resin grades are either on allocation or very tight supply. We expect the resin supply situation to remain snug for the next few months.

Based on this resin increase, please take note that First Film Extruding will **increase** prices by **0.05\$/lb** on all of our film and bag products, **effective on all orders placed on or after September 29, 2010**. As in the past, we must limit the pre-buy to one (1) month of normal usage, for immediate delivery.

Rest assured that we will continue to monitor the resin situation closely and will make any and all adjustments necessary to ensure that you, our customer, remain competitive.

Thanking you for your continued support and understanding.

Yours truly,

FIRST FILM EXTRUDING, LLC
