

NEWHOUSE SPECIALTY COMPANY, INC.

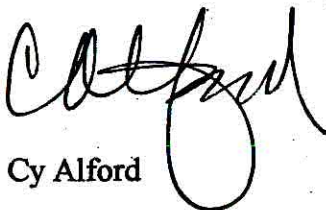

December 23, 2010

Dear Distributor,

Enclosed is our new price list. The increases shown by an asterisk, are generally due to increases we have received on rubber products, poly propylene (marking pens), castings (sleeve boards) and a world wide increase on Teflon.(P.T.F.E. items). I assume that it is due to China's increasing needs. There is one of the few economies growing.

We look forward to seeing you in Las Vegas in June and hope we all have a healthier 2011.

Sincerely,

Cy Alford
