Subject: New Price Sheets

Enclosed are your new price sheets. These price sheets are dated June 1, 2011 and replace previous price lists. We will continue to accept orders at current prices through May 31, 2011. Orders entered on or after May 31 will be at the new price level. We will continue to honor bids that are currently in effect. As they expire, they will be re-quoted based on the new pricing structure.

**IMPORTANT NOTE:** Just prior to this increase we installed new costing software and new pricing software. We have been working diligently to clean up the “bugs” that occur anytime a software change is made. We feel that most problems have been corrected. If you find something on your price sheet that does not look correct, please contact us immediately. Over the next several months should we find errors, we will make the necessary corrections and advise you accordingly. We thank you for your patience during this transition.

Please contact your local von Drehle representative or this office should you have any questions regarding the price change. We are grateful for your continued support and look forward to working with you in the future.
